

I would not like the LPFM stations to take priority over current FM translator service. I spend several hours a week commuting to work while listening to K-LOVE; it's a very positive and uplifting force in today's society where very little good news is heard. I am so positive about the K-LOVE service that I help to support it financially. I know a lot of people in my community also listen to K-LOVE. I believe that the service provided by K-LOVE is in the public interest because it shares information that is helpful and it is a positive source of entertainment. It's family friendly so I don't have to monitor my kids listening to it. There aren't many services that can say that. In conclusion, I don't want the K-LOVE signal to be replaced by an LPFM that may not have the same family-friendly programming I have come to enjoy.
